UPDATE REGARDING REQUIREMENTS TO PARTICIPATE IN AGHA SANCTIONED ACTIVITIES

In response to numerous resident inquiries and concerns the AGHA Board discussed at length whether or not it should be mandatory for any and all residents to be at minimum double vaccinated in order to participate in any activity. In numerous conversations residents have indicated that they would like to begin to get involved in activities but have been reluctant to do so because of uncertainty as to the vaccination status of other participants.

After lengthy discussion it was agreed that the health and safety of all residents needs to be paramount and that it was in the best interest of the community at large to ensure minimum risk of exposure to the COVID virus. As such, the Board has unanimously agreed to the following motion:

“In order to participate in any AGHA Board sanctioned activity, all participants must be double vaccinated, unless they are subject to a medical condition that prevents them from getting the vaccination.”

The COVID questionnaire that is required to be completed by all participants in any AGHA sanctioned activity has been updated effective August 25, 2021 to reflect this additional requirement and to clearly indicate that, if a resident is not yet fully vaccinated or is unable to answer all of the other COVID questions in the negative, the resident should not participate in that activity at that time. The revised questionnaire will be available on the Glen Net website shortly.

The move to provide added strength to the protection of our residents here at Antrim Glen is consistent with what we are now seeing in most other areas whereby people are coming together. We hope and trust that this added requirement will be accepted by all as a positive step towards ensuring we as a community remain safe and healthy.

Regards
Gary Cline, Chair
On Behalf of the AGHA Board
